Privacy Policy

This Privacy Policy document contains types of information that is collected and recorded by Modular Engineers and how we use it.

This Privacy Policy applies only to our online activities and is valid for visitors to our website with regards to the information shared and/or collected.

This policy is not applicable to any information collected offline or via channels other than this website.

Consent

By using our website, you hereby consent to our Privacy Policy and agree to its terms.

Information we collect

The personal information that you are asked to provide, will be made clear to you at the point we ask you to provide your personal information.
If you contact us directly, we may require additional information about you such as your name, email address, phone number, the contents of the message and/or attachments you may send us, and any other information you may choose to provide.

How we use your information

We use the information we collect in various ways, including to:
 - Improve, personalise, and expand our website content
 - Understand and analyse how you use our website
 - Develop new products, services, features, and functionality to improve our website user experience
 - Communicate with you to provide updates and other information relating to the website, and for marketing and promotional purposes.

Modular Engineers follows a standard procedure of using log files. These files log visitors when they visit websites. All hosting companies do this and are a part of hosting services' analytics.
The information collected by log files include internet protocol (IP) addresses, browser type, Internet Service Provider (ISP), date and time stamp, referring/exit pages, and possibly the number of clicks. These are not linked to any information that is personally identifiable. The purpose of the information is for analysing trends, administering the site, tracking users' movement on the website, and gathering demographic information.

Cookies

Like any other website, Modular Engineers uses 'cookies'. These cookies are used to store information including visitors' preferences, and the pages on the website that the visitor accessed or visited.
The information is used to optimise the users' experience by customising our web page content based on visitors' browser type and/or other information.
You can choose to disable cookies through your individual browser options. To know more detailed information about cookie management with specific web browsers, it can be found at the browsers' respective websites.

If you have any other queries in relation to this privacy policy, please contact us using the following contact information:
